New grants aim to boost towns' footfall

A COMMUNITY grant scheme has been set up to boost town-centre footfall and retail engagement in Chard, Crewkerne and Ilminster.

South Somerset District Council decided to offer a pot totalling £4,500 for bids from organisations within the towns.

A report for the council's Area West committee said: "At the Area West members' workshop in April, it was suggested that the £4,500 of community grant money usually allocated for free Christmas parking be used for

town-centre events that increase footfall in each of the market towns.

"The aim of the programme is to support economic development through increased footfall in town centres and increased engagement by retailers in town-centre events.

"The programme will have a funding pot of £4,500 from which it will make grants of between £200 and £1,500 available to local community groups in Crewkerne, Chard and Ilminster.

"The programme will be administered by the Area West Development Team, using a tailored version of the established

community grants process. This will provide consistency, transparency and an audit trail."

Members of the Area West committee agreed to go ahead with the grant scheme, which will become active next month.

There will be two application periods – one from September 1 to October 31, and a second from January 1 to February 28.

The report said: "Applications will be considered for new events or enhancements of existing events that can show a measurable increase in visitor footfall in the town centres of Ilminster, Chard and Crewkerne, and can demonstrate en-

gagement with town-centre retailers.

"We will look more favourably upon events that are a collaborative effort, ie involve more than one organisation working together.

"We will fund formally constituted, not-for-profit groups and organisations who are based within Area West.

"This could include community, voluntary and charitable organisations, chambers of commerce, town teams, and parish and town councils."

More application information will be available from the district council.

Stagecoach hands over South West Trains

STAGECOACH Group has paid tribute to its team of 5,000 South West Trains employees as the company completed its contract with the Department for Transport to run one of Europe's biggest rail networks.

First MTR South Western Trains Limited took over the franchise on August 20th, a franchise held by South West Trains for more than 20 years.

It includes the London Waterloo to Exeter St Davids line, which has stations at Yeovil, Crewkerne, Axminster and Honiton.

Martin Griffiths, Chief Executive of Stagecoach Group, said: "I am very proud of the huge amount of work that's been done over the

past two decades to improve rail services for customers travelling with South West Trains.

"This is testament to the commitment of our 5,000-strong team of employees and the great partnership we have with Network Rail and other key suppliers. Collectively, they work hard day in, day out as one railway to deliver a great service to customers.

"The South West Trains network today has more rail services than ever before, one of the most reliable train fleets in the country and is carrying double the number of passengers than in 1996 when we took over from nationalised British Rail.

"We've made huge investment to benefit cus-

tomers and delivered hundreds of millions of pounds in payments to the taxpayer to reinvest in public services.

"It's been a privilege to serve the millions of customers who travel with us every year and I'm very confident we're handing over the network in a good shape to the new operators.

"We have been working closely with First/MTR for several months to make sure they have everything they need and we wish them all the best for the future."

Tim Shoveller, Managing Director for Stagecoach Rail, added: "We've done a huge amount over the last two decades to improve things for our customers with massive investment in every single area of our service.

"Our team will remain focussed on delivering the best service for passengers right up to the very last minute of our franchise, from our ongoing major contribution to the Waterloo development project through to ensuring a smooth handover to the new franchise owner.

"We would like to take the opportunity to thank our customers for the last 21 years, and more recently for their patience during Waterloo works.

"We know that our regular season ticket holders in particular have been significantly disrupted over the past two weeks and had changes to their normal journeys, and we hope that two weeks of free travel will be helpful for those passengers."

The continuing multi-million-pound upgrade of London Waterloo station and associated rail infrastructure will deliver thousands of extra seats and help to increase overall capacity by 30 per cent.

Stagecoach has confirmed that it will be giving two weeks' worth of free travel to its South

West Trains monthly and longer season ticket holders for the inconvenience caused as a result of the Waterloo upgrade work.

All 10 weekdays of the upgrade works so far (Monday, August 7th to Friday, August 11th and Monday, August 14th to Friday, August 18th) have been declared 'void days'.

As a result, all passengers with South West Trains monthly and longer season tickets are eligible for a full refund for those 10 days.

Normal Passengers' Charter compensation arrangements will apply for all other tickets.

Fridge-freezer fire in Axminster

FIREFIGHTERS dealt with a fridge-freezer fire in a property in Macford Court, Axminster.

The alarm was raised just after 7am on Saturday, August 19th.

A spokesperson for the fire and rescue service said: "One appliance from Axminster and two from Dorset were mobilised following a call reporting a fire within the kitchen of a domestic property.

"Crews found an American-style fridge-freezer on fire, and set to work with two breathing apparatus wearers, one hose reel jet, and a thermal imaging camera.

"Once the fire was extinguished crews used positive pressure ventilation to help clear smoke from the property."

Arts Council boost for Honiton gallery's education programme

THE Thelma Hulbert Gallery in Honiton has been awarded a significant grant from Arts Council England.

The grant of £49,900 will go towards the continued development of THG's Education programme and their Learning Coordinator post.

It will also help to support their contemporary art exhibition programme and deliver community workshops in the gallery and across

East Devon.

Phil Gibby, Area Director, South West, Arts Council England, said: "We're extremely pleased to have awarded Thelma Hulbert Gallery a grant of £49,900 through our National Lottery funded Grants for the arts scheme.

"By using the grant to deliver artist-led workshops, both at the gallery and out in the community, Thelma Hulbert will reach young people and families who might

not otherwise have the opportunity to engage in and enjoy arts experiences, supporting our mission of bringing more arts and culture to more people in more places."

THG curator Angela Blackwell said: "We would like to thank Arts Council England for this generous award.

"It will enable us to continue our success as a cultural leader in the South West for access and inclusivity

in the arts by working with new partnership organisations as well as more diverse art forms, locations and artists.

"Over the next 15 months, we will be curating new exhibitions and organising activities to build upon our award-winning programme engaging marginalised groups, families and young people.

"We will be working extensively beyond the gallery and more closely with cultural,

voluntary and environmental agencies in East Devon."

The THG is one of Honiton's and East Devon District Council's success stories after welcoming more than 8000 visitors this year.

This is in addition to the 3,000 participants they work with across East Devon at outreach events.

Cllr John O'Leary, EDDC lead councillor for culture, said: "THG is a great asset to the region and in-

spires our community with exhibitions of local and national importance together with a packed programme of activities and workshops for all the community, especially many marginalised and hard-to-reach groups."

Driver charged after motorbike collision on A30

A MAN has been charged in connection with a serious road traffic collision near Yeovil.

The collision occurred at around 1.45pm on Monday, January 9th this year on the A30 at Babylon Hill, just before the Peel Centre retail park.

It involved a black BMW and a white Jinan Qingqi motorcyle.

The rider of the motorcycle, a 28-year-old local man, sustained a fractured neck and back and a punctured lung as a result of the collision.

A 59-year-old Sherborne man has been charged with driving without due care and attention and is due to appear at Weymouth Magistrates' Court today (August 22nd).

Hosepipe Legionnaires warning

THE UK's leading plumber accreditation body is warning householders in Devon and Somerset that the humble hosepipe could be a danger to their drinking water – as well as exposing them to the risk of developing Legionnaires' disease.

Many homeowners don't realise how ill they can become if the water in the hosepipe "backflows" into their drinking water supply, or becomes contaminated by the potentially lethal bacteria which causes Legionnaires' disease.

WaterSafe has now teamed up with renowned health expert Dr Susanne Lee, Director of Leegionella Ltd, to develop its top dos and don'ts to help keep customers and their hosepipes healthy and safe.

Its hosepipe tips are:

- DO fit an approved double check valve to hosepipes to prevent any water, or contaminants from the garden, ponds or paddling pools, flowing back into your mains drinking water supply;
- DON'T place hosepipes in drains, garden ponds, buckets or watering cans where they can be submerged as contaminated water could be siphoned

back into your homes' drinking water pipework

- DO turn off your hosepipe at the tap and, ideally, fully disconnect it when not in use;
- DO fit a self-closing flow control, such as a trigger spray gun, to prevent it being used when unattended;
- DO keep your hose somewhere cool and out of the sun;
- DO gently run the water out of the hose before you use it – without any form of spray attachment on the end;
- DON'T use a hosepipe that has been sitting around and full of warm water to fill a hot tub. The warm water within the tub will allow any bacteria – including Legionella – to quickly grow.

WaterSafe is encouraging everyone to share its hosepipe safety campaign on social media with the hashtag #Hosepipe Safety.

For more free plumbing advice from WaterSafe, or for help to find a local approved plumber, go to watersafe.org.uk and use the postcode search.

He previously worked at Bakkavor Ltd, an international manufacturer of fresh prepared foods employing more than 18,000 people worldwide across 43 operating facilities.

Lyme Bay Winery MD James Lambert said: "Bringing Jimmy aboard the team has brought in a fresh and experienced pair of eyes to help us continue striving for better quality and higher standards.

"His vast technical experience in the large-scale food industry offers the company a new and rigorous approach to cider and winemaking that will support us in our ongoing mission to produce the very highest quality drinks."

Yeovilton copter crew's role in island drug bust

A HELICOPTER crew from RNAS Yeovilton has played its part in uncovering illegal drugs farms on the tiny Caribbean island of Montserrat.

The Wildcat Flight 216 from 815 Naval Air Squadron was taking part in a reconnaissance mission over the British overseas territory as part of an exercise to see how the naval aviators could help if the island suffered a similar natural disaster to 20 years ago when it was devastated after a volcano erupted.

But the helicopter crew also found nine suspected illegal drugs plantations in Montserrat's forbidden zone.

Half the island – just ten miles long and six across – was abandoned back in 1997 when the volcano erupted.

Mud and lava swallowed much of the Montserrat capital Plymouth and the Royal Navy was instrumental in helping to evacuate many islanders.

Two decades later and the southern half of the territory remains off limits, even though the Soufriere Hills volcano has not erupted in four years.

Drug traffickers have ignored the warning signs and established illegal plantations in the forbidden zone, which was last surveyed from the air two years ago.

The visit of naval support ship RFA Mounts Bay, conducting a patrol of UK terri-

tories in the region, allowed fresh surveys of Montserrat – both to look at the state of the southern half of the island and, with police embarked, to hunt for drugs plantations.

Lieutenants Amy Gilmore, Oliver Bundo and Lee Colthart took Governor Elizabeth Carriere and some of her officials up in their Wildcat for an inspection of the island, and then did the same with local police, who guided the helicopter to suspected drug hotspots.

They found nine sites – including the largest plantation ever seen from the air, near Dick Hill in the still-inhabited part of the island – which will now be destroyed by the authorities.

It is the second important blow the Royal Navy's newest helicopter, Wildcat, has helped deliver in the fight against trafficking in the Caribbean.

Last month the helicopter located nearly 20 illegal drugs farms in the British Virgin Islands.

The helicopter also scouted possible landing site and practised ferrying a tonne of water in a large cube slung beneath the Wildcat – all vital practice should RFA Mounts Bay and her Wildcat aircraft be called upon to assist islanders if there's another eruption, or a hurricane whips through Montserrat.

Have a cuppa to help hospice

FUNDRAISERS at St Margaret's Somerset Hospice in Yeovil are looking for people to hold a tea party to help raise money for the charity.

Holding tea parties to raise money to support the hospice is a tradition as old as the hospice itself.

Indeed some of its supporters have been holding a Time for Tea for St Margaret's Hospice event right from the start.

One of these supporters is Averil Batten whose first tea party in aid of the hospice was in 1985 and raised £25. This was a brilliant amount but her husband thought they could do better.

And better they have done. Since then they have held two parties almost every year for St Margaret's and have raised more than £15,000 to date.

The hospice is asking you to help it by putting the kettle on and making Time for Tea to raise vital funds for St Margaret's.

Invite your friends, family, colleagues and community together for a cup of tea, a slice of cake and a good old catch-up in return for a donation to raise vital funds for St Margaret's Hospice.

Last year the hospice raised a fantastic £10,000 from its incredible community of avid tea drinkers. Now the hospice would like to beat that this year so it can assist more patients and families facing a life-limiting illness.

Victoria Poole, fundraiser for Yeovil, said: "A home visit by one of our community nurse specialists in Yeovil costs £100.

"We'd love for you to join in the fun and help us to fund 150 home visits by one of our community nurse specialists, who provide tremendous clinical, emotional and practical support to patients and families.

"If you can hold a tea party and raise £100 you will make such a difference to the families and patients we care for."

If you hold a Time for Tea event and submit your money before August 31, you will be entered in a prize draw, giving you the chance to win a Somerset Willow Afternoon Tea Hamper worth more than £300 with a selection of Miles Tea goodies.

To request your tea party pack, call 0845 345 9671 or email victoria.poole@st-margarets-hospice.org.uk.

No violence on town's beating the bounds walk

ALTHOUGH there is no record of beating the bounds in Crewkerne – probably because the limits were still changing as late as 1934 – the civic society started some boundary walks in the 1990s and the Rotary Club has revived the custom more recently, organising one around St Bartholomew's fair.

This year the town council will be joining members of Crewkerne District Rotary and the Community Rail Partnership to organise it as a community event on Saturday, September 2nd.

This year's walk will meet at the library at 1.30pm for a 2pm start. It will be led by Gail Coleshill of the Community Rail Partnership and Martin Holley of Crewkerne District Rotary.

Call Rusty Jackson on 01460 75400 for more details or to let her know if you would like to come.

The nature of the walk means that pushchairs cannot be used.

Organisers say the advantage of a parish boundary walk is that although in total it is about six miles, there are points along it where people can cut back into town whenever they want or after two or four miles.

The ceremony of beating the bounds was started to instil the limits of a parish into the memories of youngsters in the days before maps.

The church-led group would walk around the bounds and stop at intervals at a boundary post or stone.

Here the boys of the parish would take it in turns to be beaten – or have their heads bumped to help them remember where they were.

Research has suggested that Crewkerne parish had boundary stones at Shutteroaks Bridge, Cathole Bridge and Nan Bull's grave.

The Maiden Beech was another and the milestone on the boundary on the A30 was probably used as a marker.

Caroline Dredge, of the Rotary Club of Crewkerne District, said: "In the old days the whole thing would be a bit of a party as food and drink would be brought along for the occasion, and the beaten boys given treats afterwards."

"We promise we won't be beating anyone on this walk and hope to make the event thoroughly enjoyable for everyone."

Firefighters rescue horse from ditch

FIREFIGHTERS helped free a horse stuck in a ditch near Crewkerne.

They were called to Seaborough Road, Henley, at about 11.10am on Friday, August 11.

A spokesman for the fire and rescue service said: "One fire engine from Crewkerne along with the specialist animal rescue team from Bridgwater were mobilised to reports of a horse stuck in a ditch."

"On arrival, crews confirmed there was one horse sedated by a vet stuck in a 2m-deep ditch next to the road."

"Crews created an exit path and assisted the horse to safety."

U3A meeting report

IF you think the pot-holed, pock-marked roads of 2017 are bad enough, you should go back a few hundred years, members of Crewkerne & District University of the Third Age (U3A) were told.

It was not until the 18th century that the state of the roads in Britain got back to being as good as they were in Roman times, reported Rob Curtis at the U3A's August meeting. Otherwise people travelled along muddy tracks, or hardly ever left their village because the roads were impassable.

Rob, a retired RAF officer from Milton Abbas in Dorset, reminded the meeting of just how good were the Roman roads: usually built in straight lines, 24 feet wide, with a surface of smooth stones and drainage at the side.

He is also a blue-badge guide who meets cruise ships which come into Portland to take those who are interested on tours of the West-country.

The introduction of turnpikes and tolls led to the creation of a national network of roads and the funds to maintain them. "At one time there were 17 trusts in Dorset that looked after 500 miles of highways," he told the meeting at Hen-hayes Community Centre.

Better roads saw the introduction of horse-drawn coaching services for passengers and the delivery of mail. Inns were built, such as the George Hotel, Crewkerne, to provide accommodation for travellers and stabling for horses.

"It was not unknown for complete strangers who were travelling together to share a room or even a bed," he said.

A team of horses would pull a coach, usually weighing about two tons, for 10 to 12 miles before needing to be changed. It would take 17 hours to deliver a letter from London to Exeter, he said.

The advent of the railways spelled the death knell for the age of coach and horses and turnpike trusts.

Tremendous trucks

■ THE mayor and mayoress of Yeovil, Cllr Darren Shutler and his wife Anna, with other visiting civic dignitaries at the Wessex Truck Show, with the Monster Truck in the background

A CAVALCADE of vehicles of all shapes and sizes and fun for all the family was the order of the weekend of August 12 and 13 at Yeovil Showground as it hosted the annual Wessex Truck Show. This year's show was the fifth anniversary event and the organisers, Fosse Way Events Ltd, worked hard over the past 12 months to make it a fabulous success once more.

They even worked their wonders with the powers-that-be to ensure that the show was able to enjoy some dry weather after a terribly wet week.

More than 600 trucks were on display – all neatly lined up in avenues – with their owners and drivers having spent

hours making sure the vehicles were polished to perfection.

But there was much more to see and do than just the trucks, with plenty of attractions for the younger visitors, live music, refreshments galore and displays in the main Chrome Northwest Arena including the Broke FMX Motorcycle Stunt Team as well as the popular Mac Tools Cruiser Monster Truck ride.

Main charitable beneficiary of this year's Wessex Truck Show was Macmillan Cancer Support.

Dave Cross, of Fosse Way Events, said: "On behalf of the organisers and ever-growing team of volunteers we would like to thank our sponsors and

supporters and hope everyone had a great time with us.

"Thank you for supporting the Wessex Truck Show."

There were a number of vehicle parades during the show in the main arena, including one marking the 50th anniversary of Volvo trucks in the UK.

The mayor of Yeovil, Cllr Darren Shutler, held his annual civic day at the show.

He welcomed many visiting civic dignitaries from around Somerset and Dorset to Yeovil Showground.

Crash victim achieves goal set by footy boss

YEovil Town Football Club season-ticket holder Ben Thick led the Glovers out at Huish Park prior to the Sky Bet League Two clash with Accrington Stanley.

The 20-year-old was placed in an induced coma after a car accident in March, forcing the youngster to once again learn to walk.

At the time of his recovery, Ben received a visit from Town manager Darren Way who himself had to learn to walk again after suffering career-ending injuries from a car collision in 2008.

With Way having issued Ben the challenge of recovering enough to lead the team out, the avid Yeovil fan did so for the Glovers' first home game of the 2017-18 campaign, against Stanley.

Ahead of gracing the Huish Park turf, Ben said: "My recovery has been tough but I'm still making good progress."

"I've got a long way to go but things are looking up."

"Darren gave me the motivation to get back on my feet when I needed it the most."

"I'm pleased that he set me the challenge to lead the team out – it was a big thing to look forward to."

Way later said: "It was a great occasion for Ben and for us – he's a real in-

spiration and someone the players were humbled to meet given what he's gone through.

"He's shown unbelievable determination and I'm pleased he's smashed

the challenge of recovering to walk the team out."

And the players did Ben proud as they recorded a 3-2 victory over Accy – Town's first win of the season.

Huish Park scores with DIY firm as venue in TV adverts

YEovil Town Football Club's Huish Park stadium is the setting of a new range of adverts from national retailer Screwfix which began airing this month.

The television adverts, which feature many local extras, are part of Screwfix's sponsorship deal with Sky Sports and were filmed at the Yeovil club in July.

Sammy Ough, advertising manager at Screwfix, said: "We have an ongoing relationship with Yeovil Town Football Club and they were our first choice of locations to film at."

"We are really pleased we could use local football players, alongside the actors."

"The crowd that feature in the ads are all locals. We are very thankful to Yeovil Town for all their

help and support with these adverts."

David Linney, commercial manager at Yeovil Town, said: "We really enjoy working with the team at Screwfix. They are a keen supporter of the club."

"This opportunity was great to be involved with. Everyone thoroughly enjoyed the day."

For the fourth consecutive year, Screwfix will be sponsoring the Sky Sports coverage of the English Football League.

The 14 adverts play before, during and after matches on Sky Sports Football.

The coverage began on 4 August during the Sunderland versus Derby County match.

Screwfix, the DIY mail-order company, has its base in Yeovil.

College celebrates perfect pass rate in all but one subject

YEOVIL College's Kingston Sixth Form Centre celebrated after achieving fantastic A-level results yet again, with a 100 per cent pass rate in 19 out of 20 subject areas.

Students and staff had a lot to smile about on results day on Thursday after 99.3 per cent of learners passed their A-level examinations with flying colours.

Some of the stand-out successes included Katie-Louise Canning, 19, formerly of Wadham School in Crewkerne, who studied communication and culture (A*), extended project qualification (A*), psychology (A) and sociology (B).

Katie-Louise said: "I'm going to relax now for a couple of weeks before going to the University of Exeter to study sociology. I'm speechless and totally amazed with how well I've done. Coming to Yeovil College was the best thing I've ever done and I've enjoyed college so much over the last two years."

Michal Wrobel, 18, formerly of Buckler's Mead Academy in Yeovil, spoke of his new-found confidence that his maths lecturer Michael Wragg had given him.

The youngster achieved maths (A*), chemistry (A), physics (B) and further maths (B) which has seen him secure a place at the University of East Anglia. "I've studied so hard and had great support from my lecturers. I'm looking forward to the future," he said.

Smitten couple Paige Smith, formerly of Preston School in Yeovil, and Tom Underhill, formerly of Buckler's Mead Academy in Yeovil, spoke of their excitement for their future together at Plymouth University. Tom said: "I'm so happy all the waiting is over. We're both really happy and excited for the big move and what's to come."

Katie Lawless, head of Kingston Sixth Form Centre at Yeovil College, described the successful AS learners as rising stars.

Oliver Page, formerly of Preston School, achieved chemistry (A), maths (A), physics (A) and business (C) and explained how his mind is set on getting ahead of the game so he can secure a place at the University of St Andrews next year. "My first year at Yeovil College was so much better than I expected it to be," he said. "I have the best maths lecturer who keeps me motivated."

Another rising star, Jordan Welsh, formerly of Buckler's Mead Academy, achieved straight As in psychology, chemistry, maths and biology and is aiming for the University of Oxford. Jordan said: "Yeovil College is really good fun and although I've not thought too far into the future, I'm aiming high."

Katie said: "The 100 per cent pass rate in maths and sciences that our AS learners have achieved demonstrates that our sixth form is a strong centre for developing and nurturing future mathematicians and scientists."

Nikki Sendell, vice-principal, said: "This is a fantastic result, reflective of all the time and effort our learners and staff have put into their studies. We're so proud of everything they've achieved. We wish all our learners the very best of luck for the future."

"These results will have given them a tremendous stepping stone towards university, an apprenticeship or employment."

"We are delighted that the vast majority of our learners who are going on to university have been able to secure their first choice."

Smiles all round at The Park

YOUNGSTERS from The Park School in Yeovil achieved a 100 per cent pass rate at A level. All students are delighted to have been accepted for the university of their choice. Overall, students achieved 82 per cent A*-C grades. Top performers were Tim Howes (AAA in physics, computer science and maths) who will study computer science at Birmingham, head boy Callum Harvey (distinction in BTEC sport, A in geography and B in economics) who will read geography in Glasgow and head girl Elena Williamson who will study geography in Cardiff.

Record set at Holyrood

STUDENTS at Holyrood Academy in Chard recorded an excellent set of A-level results.

Headteacher Matthew Collins said: "We are delighted with our results this year."

"What is particularly pleasing is that a record number of A* grades were achieved, with more than a third of all grades being A*-B."

"These top grades mean some of our students have met the demanding entrance requirements to study at some of the best universities in the country."

"We also take great pride at Holyrood in providing opportunities for our students so that they develop into well rounded individuals who are well prepared for later life."

"The results were thoroughly deserved by this group of students and are testament to their attitude and hard work over the last two years."

"I would also like to thank the teaching staff for the incredible amount of work they have put in to supporting this group of students."

"We intend to continue to grow the sixth form at

Holyrood in the next few years, both in terms of the number of students we attract and the number of subjects we can offer."

"We are very much looking forward to many more successes in the future."

Individual successes included:

● Alice Bindon, A*A*A grades plus EPQ grade A*, going to the University of Exeter to read biological sciences;

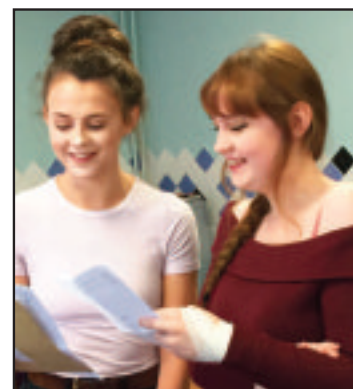

● Lorena Hall, A*AA, going to the University of Bristol to read geography;

● Fraser Lewis, A*ABC grades plus EPQ grade A, going to the University of Southampton to read mechanical engineering;

● Nicholas Liggins, A*AA grades plus EPQ grade A*, going to the University of Southampton to read civil engineering;

● Leila Salter, A*AA grades plus EPQ grade A, going to the University of Bath to read chemical engineering;

● Lauren Winch, A*AA grades, going to the University of Edinburgh to read fine art.

■ WILL Skinner, president of the Head Student Team at Wadham, shares in his success – and sisters Nicole and Sarah Keylock take in their results

Head's pride at 'top-level performances'

TEENS at Wadham School in Crewkerne achieved a 98.8 per cent pass rate at A level, with 34 per cent at A*-B.

Will Skinner, president of the Head Student Team, was delighted with A grades in maths, physics and chemistry and a B in biology and will be going on to read material science at Imperial College London.

Sisters Nicole and Sarah Keylock secured places at Bath to study criminology and Bournemouth to read biological sciences respectively.

Amy Gardiner, inspired by leading scientist Brian Cox, is heading to Manchester to study science with a view to specialising in astrophysics.

Tense moments logging into the UCAS website on Thursday morning were rewarded with almost every student applying for university securing a place. With staff support in school, a few students later used the clearing process to gain the right course in their chosen subjects.

Head teacher David Derbyshire said: "It's great to see some top-level performances by the academically gifted but of course it always gives us a great deal of pleasure to see all our students moving forward from their GCSEs and flourishing in our sixth form, often exceeding expectations."

"This is a huge tribute to their hard work and a real measure of how the special environment and dedicated staff at Wadham add value."

"I am very proud of all the students who have graduated from Wadham this year."

Caren Forsey, head of sixth form, said: "Whilst the focus for many is to gain a university place, we have a number of students achieving good A-level results who have opted for a vocational route, going on to apprenticeships or directly into employment, some as a result of the strong relationship the school has forged with local employers."

■ HEAD teacher Matthew Collins shared the students' joy

GANESHA WHOLEFOODS

The Honiton Store is moving! Find us at 78 High Street Honiton, on 29th August

Ganesha Wholefoods in Honiton is on the move!

Successive stores opened in Honiton and Sidmouth, and in 2011 their son Richard, a keen athlete, member of the Pure Endurance triathlon team and advocate for nutritious food, took over the running of the business.

Ganesha have been trading in Honiton for well over thirty years, so a recent opportunity to acquire a bigger store within the town was met with great excitement. The new shop, which boasts three floors and a better location, is due to open its doors on the 29th August 2017.

From the beginning, the Eastons wanted to create a service that was all about nutritious food. Now, with three successful stores and certification from Organic Farmers and Growers for packing and retailing of organic goods, it is clear that they have done just

that. Ganesha Wholefoods is a breath of fresh air. In a society that is largely dominated by inadequate food, it provides a welcome respite. The comprehensive range of quality foods, ethical products and herbal remedies, all tended to by a friendly and knowledgeable team, feels unequivocally wholesome.

To celebrate their move, Ganesha is running a series of special offers in its new store. Not only that, but the first 50 customers through the door will receive a goodie bag!

So treat yourself. Come and visit Ganesha Wholefoods at 78 High Street Honiton, on the 29th August to take advantage of their celebratory offers. A full list of the offers available can be found on their website:

Elaine braves the shave to help cancer charity

A CLIENT at the Hannah May Hair Studio in Ilminster had an appointment with a difference when she underwent the Brave the Shave treatment to raise money for Macmillan Cancer Support.

Elaine Thompson had her head shaved for charity after volunteering to help raise funds for the worthwhile cause.

The idea came from Kerry Hole-Stuart, from the hair studio in West Street, after hearing an advert about Brave the Shave on radio.

"I decided to put out an appeal on our Facebook page to see if we could find a volunteer to come forward to do Brave the Shave," said Kerry. "We were delighted when Elaine came forward."

It was only then that they found out that Elaine had lost a close relative to cancer ear-

lier this year – a situation Kerry has also experienced.

Kerry said: "Both of our relatives who died had experienced very short illnesses which makes it very difficult to come to terms with as family members."

"Macmillan were excellent and so when I heard their advert on radio I decided that we should do something to help."

A crowd of supporters went along to the hair studio to watch the Brave the Shave event and wish Elaine well. Further funds were raised from a cake sale and raffle.

So far around £600 has been raised, but money is still being taken to help boost the final total.

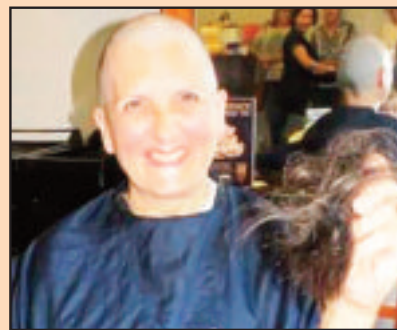

Pop along to Hannah May Hair Studio in West Street, Ilminster, to donate. All donations will be gratefully received.

Supporting young people on the path to better mental health

A monthly column
by KERRY CABLE
from the peer
support network for
young people with
mental health issues,
based in Axminster
and Chard

AFTER the trailblazing success of Duncan Macmillan's *Every Brilliant Thing* at the 2014 Edinburgh Fringe Festival, there are so many pieces centred around depicting mental illness that, this year, they have created a brand new award to celebrate them.

Most are created by young people, in their 20s, with portrayals of mental illness that are often drawn from their own experience.

It's no surprise to me that fringe theatre, with its loud and proud artists, actors and writers, is finally starting to bring many of these issues out into the harsh spotlight of the stage.

It's very telling, to me, that a large majority seem to be about dealing with the symptoms of depression.

I think, as a nation, we are starting to see low-level depression as its own entity – an understandable symptom of the rigours of modern life.

However, it is still a mental illness – whether it is mild, severe, fleeting or long-lasting.

Trying to separate it because it is more commonplace only increases the stigma and prejudice surrounding the term mental illness.

Unfortunately, mental illness is becoming commonplace

and the more we try to separate the everyday folk (our friends, family, colleagues, children) from the term, the less people will speak out when they fear they could be suffering.

This ultimately delays them receiving support and means that they have to bypass the simpler, first-line advice that can often get us back on track without drugs or inpatient care.

For example, if you have a cold it is still considered to be a physical illness – so why must things get so severe before people are willing to class it as a mental illness?

The media certainly have a lot to answer for when it comes to their portrayal of the people suffering from mental illnesses.

Whether it's books, newspapers, television or films there is a myriad of examples of common myths and preconceptions of mental illness being strongly perpetuated.

One example is of a character in the series *Wonderland* (2000) who has schizophrenia and promptly decides to go on a shooting spree and then tries to murder a doctor. The series was set in a psychiatric ward and was taken off the air after so many complaints from mental-health organisations.

These are just the really obvious ones. Whenever I watch the news and someone has done something awful to an animal or human, being it is so often, it is quickly followed up with "and he/she had suffered from depression at some point in his/her life".

And while that may be true, to continually link violence with mental illness isn't helping anyone, especially those who are suffering.

It has been shown time and time again that sufferers are far more likely to be victims of crime than perpetrators.

It is refreshing to know that we have a generation of performers, writers and artists who are willing to show the reality of mental illness, the loneliness and self stigma, not just exploiting it for shameful sensationalism.

Many people are saying that speaking out about their depression has become the new coming out of the closet – to be honest, I can understand why. I hope this will continue to change.

Georgian ring is found buried in field

ALMOST exactly 200 years after it was made, to commemorate the death of someone with the initials IW, a ring was discovered in a field by a metal detectorist.

Colin Spiller, 44, of Chard was taking part in a metal-detecting day with about 50 other enthusiasts in a farmer's field in Burstock in West Dorset.

The ring is expected to fetch up to £1,200 at Mayfair auctioneers Dix Noonan Webb, the international coins, medals and jewellery specialists, when offered for sale at auction on September 5 in London.

"I thought about keeping it but it would only have stayed in the back of a drawer," said Colin, who has been a metal detectorist for 12 years. He will split the proceeds 50-50 with the farmer who owns the field where it was found.

Laura Smith, a jewellery specialist at Dix Noonan Webb auctioneers, said: "This ring is such a poignant find. Mourning rings were worn to commemorate loved ones who had passed away and one cannot help but wonder who IW was and what sort of life he or she lived."

The ring is a gold band decorated on the exterior with stylised foliage and a memento mori – reflection on mortality – skull relief decorated in black enamel.

Inside is a Latin inscription which translates as "IW died 9 April 1717 aged 71". Although the black enamel is chipped

and worn, the ring is in good condition given that it may have spent much of the past two centuries buried in a field.

It was on February 26 this year that Colin went into the field with his 15-year-old stepson Ashley Miner. After an hour they received a strong signal on their detector and found the ring about four or five inches below the surface.

"I thought it was a modern piece because it was black and I did not know that this was enamelling," said Colin.

"Then Ashley put his finger through the middle of the ring to clear out the earth and we saw the date. We did a high five.

"I didn't know exactly what it was until Laura advised me. It's historic and the most valuable thing I have ever found.

"We have registered it with Taunton Museum and the Portable Antiquities Scheme and I will be splitting the money with the farmer."

Warning issued over safety of soft toys

CONSUMERS buying soft toys for young children are urged to follow advice from the Devon, Somerset and Torbay Trading Standards Service after some failed safety tests.

The warning comes after 40 per cent of toys tested by trading standards failed seam tension tests.

Tension tests ensure that a soft toy is strong enough to endure regular use by a child without coming apart.

In total, samples of 15 soft toys, selected at random from a mixture of high street, online and market retailers, were seam-tension tested under laboratory conditions.

Six of the 15 failed, indicating that they may not be safe for use by young children.

The retailers and manufacturers have withdrawn them from sale.

The test purchasing was part of the service's routine market surveillance.

Devon, Somerset and Torbay Trading Standards Service recommends that when buying a soft toy, consumers should check the age warning on the packaging.

Toys not suitable for children under 36 months must display a warning because they may contain parts which could cause significant harm.

Always ensure a CE mark is on the toy or packaging before you buy. All toys, including free toys that come with magazines or food purchases, must display this and it shows that the toy meets legal requirements.

Homemade toys available online or from market stalls must conform to the same safety regulations.

Even if a product is marked "This is not a toy" it may still have to satisfy the safety tests if it is child-appealing.

Paul Thomas, head of the Devon, Somerset and Torbay Trading Standards Service, said: "Ensuring the safety of consumers is one of our key priorities and we use intelligence-led projects like test purchasing to cultivate safer, stronger and well-informed communities."

"Safety requirements for toys are strict for good reason, but this shouldn't deter those who make and sell their own toys from being innovative and creating new products."

"We work with businesses from the start of their invention to ensure that only safe products are put on the market."

If you are concerned, safety advice can be found at devon.cc/rs6it.

Child-safety information and tips can also be found at buywisebesafe.org.uk, a website run in partnership with Trading Standards South West.

Haynes Motor Museum

IT'S A Rare Breeds Show but not as you know it! Haynes have added an innovative twist to the much loved concept of a show dedicated to the British love affair with rare breeds, but this time of the mechanical variety not canine. The tenth Rare Breeds 100 show will be held at Haynes International Motor Museum on Sunday 3rd September and once again will feature a glorious display of many rare vehicles collected together specially for one day only.

The show caters for those vehicles which were produced in small numbers, one offs, vehicles with unusual modifications, or perhaps it is the only one left! If you are a motoring enthusiast who wants to see something completely different then this is the show for you. There will be well known marques you have heard of and some you would have to research, the more unusual the better!

As well as the show vehicles there will be a chance for visitors to view the Museum collection which has its own share of 'rare breeds'. Entry to the show is free with full Museum admission.

During the day there will be a chance to watch the amazing show entries parade around and in the afternoon Moments in Time will take place. This is a snapshot of the Museum Collection and a chance to see some of the Museum's iconic vehicles running on the Haynes Lawn. And if this was not enough Sports

and Supercar Sixty vehicle entries will demonstrate on the Museum Test Circuit.

Prizes will be awarded for the vehicles which the judges to be the Best in Class and the winner of each Best in Class will forward for Best in Show and a special award for Spirit of the Event, as well as Best Restoration.

Certainly not to be missed, the event is growing each year, with each show providing something unique and surprising for both visitors and organisers. Of course end your day with one of the Museums famous West Country cream teas served in Café 750! To find out more about the Rare Breeds 100 show and to purchase tickets online visit our website www.himm.co.uk or call 01963 440804.

5 little ways to spark creativity in your child's everyday life

www.netmums.com

IT MIGHT seem chaotic – and almost always messy - but being creative isn't just about finger painting, or hiding under a table pretending to be in a spaceship on the way to Mars. It's about your little one growing the ability to think in unusual ways, solve problems and ultimately pave their way to becoming an adult. By the time they're three, your child's brain has formed an incredible 1,000 trillion connections between neurons, which is why it's so important for your pre-schooler to embrace curiosity and their natural sense of wonder.

Creative play stimulates this amazing fizzing brain, and with a little help from you, they can thrive - whether they want to be an artist or an astronaut.

1. Encourage simple creative conversations

There's nobody your child learns more from at this age than you, their parent. Encourage spontaneous creative conversations as part of day-to-day life, and imaginative thinking will come more naturally to them.

This can be as easy as playing word association games in the car on the way to the shops, or making up a simple story together before bed.

Try using story prompts: questions like 'Where would you go if you were a bird?' provide a jumping off point to see where their incredible imagination takes them.

2. Give them their freedom - sometimes!

Every once in a while, set aside some time to let your child 'take control'.

This could be as simple as going to the park for half an hour - and walking at their pace. Tell them they can make the plan and encourage them to talk about all the fantastical things they could do once they get there.

Follow them as they explore the world – asking about what they can see or imagine. And if you do end up spending your afternoon chasing imaginary dragons or pretending to eat mud pies? All the better.

3. Talk about your favourite part of the day

Introduce a simple and quick bedtime ritual which encourages you both to talk about positive experiences in your day.

As you're putting them to bed, share your favourite part of the day first, and then ask them what theirs was.

Doing this lets them reflect on (and helps you understand!) what they enjoy doing, often creatively, from a young age. If you don't always have a lot of time, this is a simple activity to help your child think in a playful way.

4. Don't over-plan playtime

Play doesn't need to be rigorously planned – and in fact, freedom to play in an unstructured way is vital for every pre-schooler's development.

For example, give your child a box of bricks and watch what they build, rather than suggesting what they create.

Afterwards, ask them to talk about what it is and what it can do (a fearsome dragon? What does he eat?). Try and be specific with your praise to make it feel more genuine, highlighting details such as the shape or the colours.

5. Let them make mess

A little messiness can be a good thing once in a while.

Instead of standing guard worrying about the carpet, set aside space and time (and even protective plastic sheeting) so that your child can be free to get messy to their heart's content.

Feeling safe to try whatever comes into their head will help your little artist feel more confident in their creative abilities. And if you're really lucky, you might be able to convince them that tidying up is a fun game, too.

Horticultural show 'among best yet'

■ THE individual winners at the Chard Horticultural Show display their trophies

Tackling town's gum problem 'must be priority'

REMOVING chewing gum which has been thrown on the streets in Chard town centre must become a priority, says a member of the town council.

Accidentally stepping in chewing gum which has been discarded on the pavement

can be a really unpleasant sticky problem to sort out.

Cllr Jason Baker was supported in a motion he put forward at the council's Guildhall and amenities committee meeting recently to see if efforts can be increased to make sure that the chewing gum

problem – when it occurs – is dealt with as quickly as possible.

"I've suggested that the council agrees that the removal of chewing gum from the town centre's pavements is a priority and should be considered as a project action

when a new staffing structure at Chard Town Council is in place," he said.

Cllr Baker has said that it would obviously be much better if people who ate chewing gum would bin it properly rather than just throw it on the pavement.

ORGANISERS of this summer's Chard Horticultural Show have described it as one of the best so far, after seeing a record number of entrants.

The Guildhall was packed full of produce, craft and preserves as Chard's green-fingered and culinary inclined residents were out in force showing off their hard work.

The Dave Bulmer Cup for vegetables and fruit was won by V Chubb.

The first Chard in Bloom/Chard2000 Cup, for flowers, was shared by P Avery and EY Rickard.

And the Sue's Flowers Cup for flower arrangements went to D Toms.

The D & M Toms Cup for handicrafts was won by E Clark.

J Preson won the second Chard in Bloom/Chard2000 Cup, for art and literature.

The Potting Shed Salver for home-craft went to D Toms.

The Dave Wheadon Cup for photographs was won by D Hammond. Runner-up was R Moon.

And The Garden Shop Rose Bowl for overall winner in young people's classes went to P Phillips.

Samswara's September spice

THE SOUNDS and flavours of India return to Ilminster Arts Centre on Friday, September 15th with a performance by virtuoso musicians Ricky Romain (sitar) and Jon Sterckx (tabla).

This is the duo's fourth visit to the Arts Centre - they are back by popular demand!

Playing together as Samswara, Ricky and Jon have been thrilling and entertaining audiences throughout the UK since 2001, developing a reputation among Indian music lovers nationally and internationally for their engaging

and dynamic performances that begin with slow, meditative melodies unfolding into complex exciting rhythmical interplay.

Drawing on skills developed from years of dedication and practice within the musical genre of Indian classical music (Ricky over forty years, Jon over twenty), the pair have developed an ever-evolving trust and delight in each other's musical virtuosity. Their on-stage ease is never compromised by complacency - they are still able to surprise and challenge each other with playful musical dia-

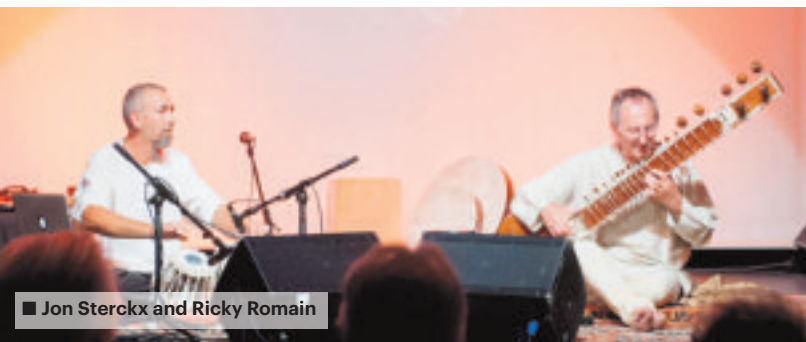

logues that intrigue and delight their audience.

In 2014 Ricky and Jon were voted the 'Best Group' in the MTM South West Asian and Ethnic Minorities awards 2014, hosted by Radio Mast FM, the first Asian radio station in the South West and South Wales.

"The brilliant sitar of Ricky Romain in duet with Jon Sterckx's tabla wizardry was a first class example of musicians "playing off" each other, their evident joy never becoming indulgent, and never compromising the aims of the music" - Colin Sell, BBC Radio 4

To complement the music, a delicious pre-show curry will be served, followed by a dessert and coffee. In previous years these events have sold out, so advance booking is strongly recommended.

Samswara play at Ilminster Arts Centre at the Meeting House on Friday, September 15th at 8pm. Tickets are £14, and a pre-show supper is available for £14. For more details and to book call 01460 54973 or visit the website at www.themeetinghouse.org.uk

A stirring cinematic tribute to one of the twentieth century's defining events

Fionn Whitehead in Dunkirk

IN MAY 1940, Germany advanced into France, trapping hundreds of thousands of British and Allied soldiers on the beaches of Dunkirk, with seemingly little hope of survival. In the uncompromising, powerful film 'Dunkirk', we follow the stories of a few individuals involved, on land, sea and air.

As RAF Spitfires scramble to engage the enemy in the skies, and attempt to protect the defenceless men below, hundreds of small boats manned by the military, as well as ordinary citizens, are mounting a desperate rescue effort to save even a small fraction of their army. The results became the stuff of historical legend, with more than 300,000 soldiers safely evacuated.

In director Christopher Nolan's capable hands the evacuation of Dunkirk becomes an immersive, intense experience.

It's short on talk but Hans Zimmer's brilliant score with its ticking-clock tension says all that needs to be said.

Starring: Cillian Murphy, Kenneth Branagh, James D'Arcy, Tom Hardy, Mark Rylance, Harry Styles, and Jack Lowden.

Screenings at The Beehive on Friday, August 25th and Saturday, August 26th at 7.30pm. Tickets are adults £6.50, U16s £5.50, Family Ticket £20. Booking is advisable.

Play it again Sam

ALSO screening at The Beehive on Friday, August 25th at 2pm as a part of the Dementia Friendly Nostalgic cinema is 'Casablanca' (u) followed by tea and biscuits in the cafebar. Everyone is very welcome to this classic film starring Humphrey Bogart and Ingrid Bergman. All tickets are £3.50.

Read Easy Honiton

READEASY Honiton has presented another certificate to a Reader who has successfully completed one of their courses. Grant Haysom started the initial course 'Yes We Can Read' in March 2017 and has significantly improved his reading skills by completing the course. He has made such a success of this that he is starting work with his Coach on improving his writing.

Grant said about having had the opportunity to take the course, "I was not given the opportunity to learn to read at school, as my teachers seemed to ignore me and after a time I was left behind. It is just fantastic that I have now had this opportunity at my stage in life and it has made a huge difference to me, to what I am able to do and in particular to my confidence. I can't thank ReadEasy enough for opening this door on to a new world for me and I would definitely encourage anyone who struggles with their reading to give it a go. In particular I would like to thank my coach Lesley, who has been amazing".

Lesley, his coach, said "It has been an honour and a pleasure to teach somebody who has been so enthusiastic to learn and to see his confidence grow. I look forward to working with Grant on improving his handwriting".

Grant was presented with his certificate last Friday, 4th August, by the Chairman of ReadEasy Honiton, Colin Sherwood, at Honiton Library, where Grant received his training, with his Coach, Lesley Percival. Colin said, "It is wonderful to see people like Grant take up the challenge of learning to read in adulthood. It is not easy to put yourself forward and admit that you have this limitation to your life, so I admire greatly anyone who can do that. It is so gratifying for everyone involved, especially our Coaches, to see our Readers progress through the process and then make what is effectively a new life for themselves, and I am always proud when I have the honour of presenting certificates like this".

Grant is the fifth Reader that ReadEasy Honiton have seen complete their initial course, some of whom have moved on to learn to write or to advance to the next stage, which is called 'Moving Ahead'. Currently they have a further 8 people in the process of going through the initial course. Colin joins Grant in encouraging anyone over 18 who cannot read, or read well, to contact him on 01404 42130 or by email on c.j.sherwood@btinternet.com, so that they too can make a life-changing decision. All ReadEasy courses are free of charge.

Colin is also keen to hear from anyone who might like to join ReadEasy, either as a Coach or as a Management Committee member. Currently they have vacancies for a Secretary and a Co-ordinator, so if you think you may have the necessary skills then you can contact him through the above contact details for more information. In particular they would like to hear from anyone who has recent experience of teaching literacy and is familiar with current methodologies, and who can therefore advise the Committee on such issues.

Read Easy Honiton

Fishing in beautiful surroundings

STILLWATERS LAKE

is a beautiful lake situated in the heart of the Yarrowcombe Valley at Moorhayne farm owned by Michael and Caroline Ford.

The lake was built nearly 20 years ago and was intended to be used as a quiet fishing area where those interested in having an away from it all fishing day can come and enjoy the peace of the area away from the rushing world.

Michael Ford says that you cannot hear a car from any major road but you might from time to time hear an aeroplane or the singing of every type of country bird.

The lake is one acre and is designed so that no more than 3 people fish it at any one time. If a family wishes to take the lake then there is an exception in that all the family who come can fish. Michael Ford is very ready to give lessons to young people who up to the age of 12 can come and fish for half price and very often no charge is made if the child shows keenness. It is quite possible for disabled fishermen in wheel chairs to fish and there are facilities near by.

The lake is approximately 1 acre in size and has a small fishing hut, barbeque and comfortable chairs which people can use, so the wife can come for her afternoon out while the husband fishes.

The lake has some wild brown trout, some blue trout and some reared brown trout but mainly there are rainbows. "It is strange that they all seem to live together because I thought that rainbows killed other species" says Michael Ford however by the returns of fish every kind is caught.

Visitors are warned to use 10lb breaking strain of gut because some fish are running up to that size and over.

The lake is open from February to December and there is a rule that people should telephone before coming to book (the majority do on 01404 861284)

Michael Ford welcomes people who wish to take the whole lake for a session to themselves at no extra cost because he understands how important it is to have uninterrupted peace when fishing.

Stillwaters has a fresh water stream flowing through it and has sparkling water. There is a boat that can be used as well under supervision.

Corporate bodies are welcome to entertain their guests.

For further information please contact the address above or ring on 01404861284 to book your day, half day or evening session.

I Can't Believe It's Not Buddy

TALENTED singer and Holly lookalike, Spencer Jordan is proud to be appear in this fantastic musical homage to his idol Buddy Holly. The fast-paced, hit touring show 'I Can't Believe It's Not Buddy' is playing at Axminster Guildhall on Thursday, September 7th and it's set to be a spectacular night when it hits town.

Spencer's vocals were described as "spot-on" by Vintage Rock magazine, which went on to note that "he not only gets the look and sound right, but also the stage moves that characterised Lubbock's most famous son". It could be the famous Texan himself!

The members of the band, the Copy-Cat Crickets, have backed the biggest names in the world of rock n roll, including the Everly Brothers, George Harrison and the late, great Chuck Berry.

The show will take you on an exciting and, at times, emotional journey through the music and life of Buddy & the Crickets, from 'Blue Days' to 'True Love Ways'. With "astoundingly authentic recreations" of all the hits and more, you'll be transported back to the age of the record hop, the drive-in diner and the soda shop. To a time when teenagers ruled the dance-halls of Britain, and you're sure to feel sixteen again as you re-live the magical music of that golden age.

Win a pair of tickets to see 'I Can't Believe It's Not Buddy'

To be in with a chance of winning a pair of tickets to the show, simply answer the following question:

Which famous brothers have the Copy-Cat Crickets previously backed?

Send your answer on a postcard to: Buddy Comp, View from Newspapers, Unit 3, St Michael's Business Centre, Church Street, Lyme Regis, Dorset DT7 3DB. Or email rob.coombe@viewnews.co.uk

Entries must be received by midday on Friday, September 1st. Winners will be selected at random. Please include a contact telephone number.

You'll hear the fascinating true stories behind the songs, from the early rockabilly numbers, to the last song Buddy Holly ever wrote. Along the way you'll discover which famous movie star had a hand in writing the million-seller 'That'll Be The Day' and which band member married the real 'Peggy Sue'.

By the end of the show you'll know why theatre audiences all over the country have been saying 'I Can't Believe It's Not Buddy'.

The show is for one night only, so book your tickets fast by calling the box office on 01297 33595 (Archway Bookshop, Axminster) or 01308 424901 (Bridport TIC) or via the website www.wegotickets.com.

MAYFAIR

TOWN & COUNTRY

GET TO KNOW MAYFAIR TOWN & COUNTRY

Mayfair Town & Country are one of the freshest new agents in South Somerset and Dorset, however they're certainly not newbies when it comes to selling and letting property; they're part of a bigger collective, and the team have many years of experience between them working in the local area.

Having leapt onto the scene over five years ago after spotting a gap in the market for a quality all-round agent, Mayfair first set up in Weston-super-Mare - but quickly expanded with additional branches opening in Bristol, Dorset and across Somerset.

They now have nine branches in total, which include two offices in Crewkerne and Ilminster.

The Crewkerne team is led by Sales Manager Chris White and Area Lettings Manager Caroline Coles, who each hold many years of experience in their departments. Chris has worked in Crewkerne for his entire estate agency career, and will be a familiar face to many having grown up in the local area and worked for other local agents prior to joining Mayfair. Caroline is also extremely experienced having honed her skills running Mayfair's letting branch in Taunton for a number of years, and previously to that, her own online letting agency. Both are members of the NAEA and ARLA Propertymark respectively, having undergone extensive training with the leading industry regulators.

In the sales department, Chris is

supported by Senior Sales Negotiator Jo Stubbins, who lives in Crewkerne and recently joined Mayfair from an agency in Yeovil. Jennie Wheatley is Office Manager, assisting Caroline with the day-to-day operation of the lettings department, whilst Apprentice Amy Runcieman will shortly be completing her apprenticeship in Customer Service. Behind the scenes, Anna Tucker and Georgina Waldron take charge of the safe management of lettings deposits and accounts.

Chris White, Sales Manager, said: "Since opening our doors as Mayfair we've gone from strength to strength as people are finding we do so much more than just selling and letting their homes. We stand by our belief that whatever the size or value of a property, clients should receive the same quality of marketing, service and level of commitment - however this sadly isn't often the case with a lot of agents. With the recent addition of Jo and Caroline to the team we've got some solid knowledge and experience behind us, and we're excited to be able to build on this further by enhancing the services available to our clients - watch this space!"

If you are thinking of selling or letting and would like a free, no-obligation valuation of your property, contact the team on 01460 74200 or visit the office at 33 Market Square, Crewkerne and the team would be delighted to help.

Q&A WITH OUR TEAM

CHRIS WHITE,
SALES MANAGER

1. Which school did you attend?

Holyrood Academy in my younger years, and since then I've also completed my MNAEA technical awards in sales, lettings and property management.

2. Where did you grow up?

I've lived in Ilminster for 10 years but worked in Crewkerne for 15 years.

3. What was the best thing about growing up in Crewkerne?

The many green spaces in the area meant lots of time enjoying the outdoors with friends and family; there were always local fetes and various events to go to.

4. What's your favourite part of Crewkerne and the surrounding area?

It's great, we have countryside like Ham Hill to explore and yet within 30 minutes we can be at West Bay walking along the sea front.

5. Where would you love to live?

I have a lovely family home in Ilminster with views and am very happy there.

6. Where will you most likely be seen?

When I'm not in the office I spend family time at Escot Park near Ottery St Mary, Devon - a great place for a fun family day!

7. Are you associated with any local clubs, events or societies?

Whilst getting fit to join Ilminster Retained Fire Brigade I have found a new love of Spinning, which I do twice a week at Cricket St Thomas Leisure Club.

8. How long have you worked in Sales and Lettings?

I've worked in estate agency in Crewkerne for 15 years. This has mainly been in the sales department but I've spent many hours helping the lettings teams also, so have gained a good all-round knowledge.

9. What do you enjoy most about your job?

The interaction with people and, having worked in Crewkerne for 15 years, the building of relationships. It's a nice feeling having so many repeat clients who've been happy with the service they've received the first time around.

CAROLINE COLES,
LETTINGS MANAGER

1. Which school did you attend?

North Devon College.

2. Where did you grow up?

Barnstaple, Devon.

3. What was the best thing about growing up where you grew up?

Being close to the coast. We're lucky in Crewkerne to still only be a stone's throw away from a number of beautiful beaches.

4. What's your favourite part of Crewkerne and the surrounding area?

Whatever your interest, for a small town there's a real mix of things to do; in a short drive you can be enjoying some gorgeous countryside and

coastlines, or on your way to some of the bigger towns and cities like Taunton, Dorchester, Bath and Bristol.

5. Where will you most likely be seen?

I'm a bit of a workaholic, so when not working for Mayfair you'll most probably find me dressing wedding venues. In my free time though, you might find me having a glass or two of red in my local.

6. How long have you worked in Lettings?

Since 2009. I joined a firm in Taunton which later became part of the Mayfair group. Prior to that, I had my own online lettings agency which I ran for two years an extremely valuable experience.

7. What do you enjoy most about your job?

I like the everyday challenges that the world of lettings tends to throw our way; it's an evolving sector with lots of legislation which can get overwhelming for some it's our job to make sure it's as stress-free as possible for our clients.

01308 862606DORCHESTER
01305 269200**JENNIE WHEATLEY,**
OFFICE MANAGER**1. Which school did you attend?**

I grew up in Hanworth in Middlesex, attending The Green School for Girls and then Hounslow Borough College.

2. What was the best thing about where you grew up?

My Dancing schools, Miss Lynn Davies & The Young Set, ran by Mrs Langford (Bonnie Langford's Mum) my claim to fame!

3. What's your favourite part of Crewkerne and the surrounding area?

Coming from London it's nice to be able to walk to the local shops, rather than use the car.

4. Where would you love to live?

I would love to live in Canada, but Park View is ideal for me now as there are quite a few families with children who are the same age my two.

5. Where will you most likely be seen?

On a cricket or football pitch.

6. How long have you worked in Sales and Lettings?

I've worked in both sales and lettings during my 25 years in the industry. I started off as a Sales Secretary, working my way up to Junior Neg', Senior Neg' before setting up a Lettings department.

7. What do you enjoy most about your job?

Every day is different, and I work with a fantastic team who all help each other out to get the best results for our clients.

AMY RUNCIMAN,
LETTINGS NEGOTIATOR**1. Which school did you attend?**

Maiden Beech in Crewkerne and Beaminster School in Beaminster.

2. Where did you grow up?

Misterton.

3. What was the best thing about growing up in Crewkerne?

For a relatively rural area, there are lots of things to do for young people one of which is Hewishtock, a local music festival. There are also public transport links; I quite often walk to the train station in Crewkerne to go shopping in Exeter.

4. What's your favourite part of Crewkerne and the surrounding area?

We're really lucky to have some beautiful countryside with some gorgeous views, which could so easily be taken for granted!

5. Where would you love to live?

In a character cottage in either Hinton St George or Merriott.

6. Where will you most likely be seen?

My favourite place to go to unwind is West Bay in Dorset.

7. How long have you worked in Lettings?

I completed work experience at an estate agency whilst at school and absolutely loved it. I knew then that it was the career for me, so went on to start an apprenticeship as soon as I finished my GCSE's. It's been invaluable gaining the on-the-job industry experience along with the theory of the qualification. I've nearly finished the apprenticeship now and am excited to progress with Mayfair Town & Country.

8. What do you enjoy most about your job?

Matching the right tenants to the right properties.

**JO STUBBINS,**
SENIOR SALES NEGOTIATOR**1. Which school did you attend?**

Wadham School and Wadham 6th Form.

2. Where did you grow up?

I've always lived in Crewkerne and wouldn't have it any other way!

3. What was the best thing about growing up in Crewkerne?

Crewkerne is a small town, which means it's easy to walk to friends' houses as well as enjoy the parks and the swimming pool.

4. What's your favourite part of Crewkerne and the surrounding area?

Millpond; it's a beautiful place to walk the dogs in peace and quiet.

5. Where would you love to live?

I would love to live one of the surrounding villages in an old characterful property - Hinton St George or Haselbury Plucknett, ideally!

6. Where will you most likely be seen?

I like a chat, so socialising with friends or enjoying food in a local restaurant - the White Hart or No7 for Pizza are my favourites.

7. Are you associated with any local clubs, events, societies etc.?

I'm currently the secretary of Crewkerne Rugby Club. I also play netball locally and enjoy running.

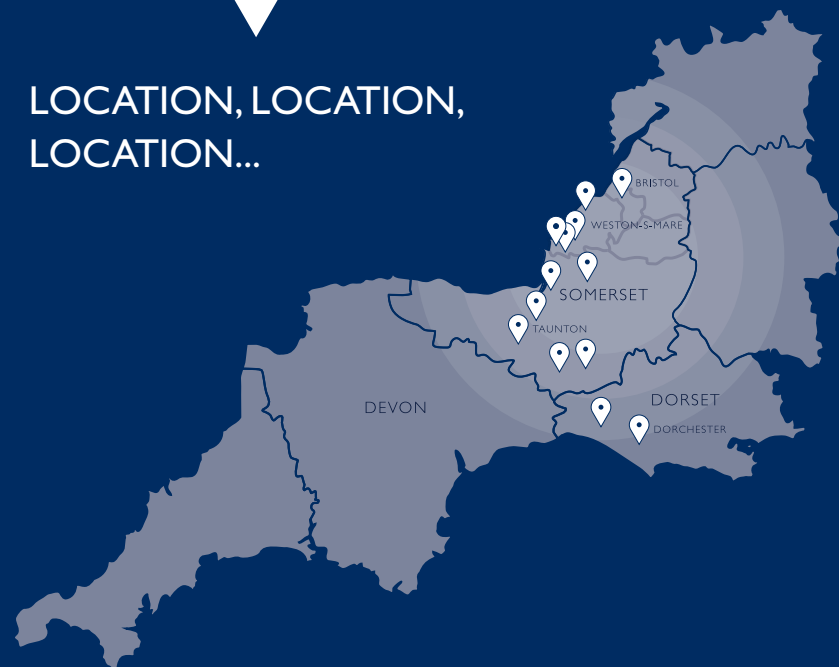

8. How long have you worked in Sales and Lettings?

I've worked in Estate Agency for 9 years in total, working locally in both Yeovil and Crewkerne.

9. What do you enjoy most about your job?

I enjoy matching applicants to their dream home and seeing the transaction right through to completion. There is no better feeling than knowing you've done an excellent job for both the buyer and the seller.

What a difference 100 years makes: Ford marks centenary of Model TT commercial vehicle

YOU'VE heard of the Ford Model T, but how about the Model TT? Though less well-known, it also had a big impact – as the forerunner to the modern day van and pickup, including today's Transit.

First launched 100 years ago, in 1917, the Model TT was Ford's first purpose-built one-tonne van. Owners could customise the chassis with a cargo bed to transport everything from letters to fuel – just as they can today in the 2017 Ford Transit Custom. The Model TT was first launched in the U.S., and later built at Ford's Trafford Park factory in Manchester.

The Model TT van was longer and stronger than the Model T car, with a cab that could seat one driver and one passenger. The engine was started using a cranking handle on the front. For a smoother ride, customers could choose modern air-filled rear tyres instead of solid rubber.

"It is amazing that while in some ways today's vans are a million miles from the Model TT in how they have come on, they fundamentally do the same job as they were designed to do 100 years ago – providing a flexible means of keeping businesses on the move," said Hans Schep, general manager, Commercial Vehicles, Ford of Europe.

One hundred years later, Ford now offers the best-selling commercial vehicle range in Britain and across Europe, with four commercial vehicles now carrying the iconic Transit nameplate – Transit, Transit Custom, Transit Connect and Transit Courier – as well as the Ford Ranger pickup.

In the UK alone, Ford has maintained market leadership in the commercial vehicle sector for 51 years – ever since the Ford Transit was introduced in 1965. In 2016, Ford recorded its highest-ever year of commercial vehicle sales with 118,000 units.

Transit sales passed its first million milestone in 1976, rapidly passing the next in 1985, 1994, 2000, 2005, 2010 and 2013, which lined up end-to-end would circumnavigate the globe. On average, customers have bought a new Transit every 180 seconds during its lifetime.

A new study, which explores the use of brand words

in the British dialect, reveals that the British public now commonly uses the word "Transit" as a generic term for van. The study of 2,000 consumers, conducted by Census Wide, reveals that almost a quarter used the word "Transit" to describe a typical van, and that 46 per cent of Brits believe that a "Transit" refers to a specific size.

Later this year Ford is launching 20 new plug-in hybrid (PHEV) Transit Custom vans – that reduce local emissions by running solely on electric power for the majority of inner-city trips – on a 12-month trial in and around London.

Among those taking part in the trial are the Metropolitan Police and British Gas, which

will allow both Ford and the city of London to explore how electrified vans can contribute to cleaner air targets while boosting productivity for operators in urban conditions. The Transit Custom PHEV van is planned for commercial introduction in 2019, part of Ford's \$4.5 billion investment into electrified vehicles by 2020.

Staying within the speed limit makes you and everyone else safer, says GEM

ROAD safety and breakdown organisation GEM Motoring Assist is urging all drivers to stay within speed limits on every journey. This, says GEM, is a key part of reducing collisions and casualties on our roads.

The advice comes as police officers join with colleagues across Europe for a week of enhanced speed checks, using a variety of enforcement tools.

GEM road safety officer Neil Worth said: "One of the most important things we can all do when at the wheel is to drive within the speed limit at all times on journeys. It's a vital part of taking personal responsibility for our own safety – and that of others – when we are driving.

"That's because research categorically shows that reduced speeds mean fewer collisions, and reduced severity of collisions. For example, an overall 1mph reduction in speed results in an average five per cent reduction in collisions."

But driving within speed limits cannot make us safe on its own, according to Neil Worth. "We need to ensure that we're alert, observant and courteous at all times, that we use well maintained cars and that we always keep a safe distance from the vehicle in front. This can make all the difference, not only for us as drivers but also for those who share the roads with us."

Top tips for slowing down

- Don't rush on a journey. Leave earlier and ensure you have plenty of time, with no reason to speed.
- Keep a close eye out for speed limit signs, and watch for clues that the speed limit may soon be about to change.
- Scan the speedometer frequently so you always know your own speed.
- Always ask yourself: is my speed both legal and safe?

After all, the speed limit is just that – a limit, not a target, and there will be

circumstances when you will feel much safer driving below the limit.

Higher penalties

A 'speeding ticket' will result in three points on your driving licence and a fine of £100. However, the system of fining changed in April, so serious 'speeders' now face fines of up to 150 per cent of their weekly salary, with six penalty points and/or disqualifications of between seven and 56 days.

County captain shows his class

WEPL Premier Division Two (Bristol/Somerset)

TAUNTON 314 FOR 6 (500v)

ILMINSTER 272 ALL OUT (49.30v)
A BRILLIANT innings of 161 from Somerset skipper Tom Abell proved the difference as nearly 600 runs were scored at Gipse Lane on Saturday.

Abell, who has had a troubled first year with the bat as captain of the four-day county team, was back to his best as he struck 13 4s and three 6s in his knock which came off just 132 deliveries.

Ilminster lost the toss but started well with the bat as Sam Grinter struck three early blows to leave the hosts rocking on 21 for 3.

But Abell steered them to much calmer waters with successive partnerships of 83 with Dan Quick (34) and 194 with sibling Will Abell (75) as Taunton posted 314 for 6 from their 50 overs.

Grinter finished with 3 for 60 while Craig Rice took 2 for 42 and Adam Cox conceded just 33 from his 10 overs.

In reply, openers George Hayward and skipper Charlie Vickery put on 112 for the first wicket. Vickery fell for 45 but Hayward went on to top score with 81 (7x4, 1x6) and Sam Spurway weighed in with another half century (76, off 67 balls – 8x4, 3x6).

But Ilminster were bowled out for 272 midway through the final over.

Somerset Division CHARD 171 ALL OUT (49.30v) WELLINGTON 101 ALL OUT (33.30v)

CHRIS Scott was the star with the ball as Chard shot out Wellington for 101 in the 34th over.

Jon Dalwood also chipped in with 3 for 20 as the Wellies failed to chase down Chard's 171.

That total owed much to opener Nathan Johnson's 40 and useful knocks from Pete Moxom (26), Nathan Warren (24) and Matt Micalc (20).

Chard 19pts, Wellington 5

BRIDGWATER 139 ALL OUT (410v) NORTH PERROTT 249 FOR 7 (500v)

NORTH Perrott closed the gap at the top of the Somerset Division to just seven with a 20-point haul at Bridgwater.

Star of the show was Troy Johnson who smashed through the 1000-runs for the season barrier with another century. Johnson made 124 at more or less a run-a-ball with 17 4s and a six.

He was aided by skipper Gordon Whorlow (35), Alex Eckland (29) and Nick Taylor (28) as The Monkeys posted 249 for 7 from their allotted 50 overs.

Johnson then did most damage with the ball taking 4 for 32 while Whorlow returned figures of 7-3-8-3 as they hosts were restricted to just 139 all out.

Chard beaten by 10-man Vics, Lazenby stars for Blues

Malmesbury Victoria 1 Chard Town 0

Toolstation League (D1) – att; 97.
CHARD Town's indifferent start to the season continued at the Flying Monk Ground on Saturday.

To compound the disappointment The Robins were beaten by opponents who played for three quarters of the match with 10-men after Krystian Hext was shown a straight red card after an altercation with Chard skipper Taoufik Ben Salem in the 24th minute.

The winner came five minutes after the dismissal through defender Andy Baker.

The result came on the back of a 2-2 draw with Roman Glass St George last Wednesday when a careless trip by substitute Pat Golden cost Chard two points when a late penalty salvaged a point for the Romans.

Earlier, goals from Steve Friend and Max Westlake – a superb free-kick – looked to have earned Paul Down's men their first win of the season.

Next up for the Robins, currently perched down in the bottom three of the Toolstation Western League Division One table, is Saturday's Les Phillips League Cup first round tie away at ROMAN GLASS.

Chard Town: Jon Hill, Shaun Wells-Burr (Luke Jackson 84), Andy

Holmes, Kieran Bailey, Jack Dicker (James Boyland 68), Matt Howell (Steve Friend 84), Max Westlake, Liam Cleal, Ben Haines, Brad Miles, Taoufik Ben Salem (Capt).

Ilminster Town 3 Wington Redhill 0

Somerset League Premier
NEW Ilminster manager Chris Neziyanya opted for a Christmas tree 4-3-2-1 formation for the visit of unbeaten Wington with Taylor Jefferson and Andy Whitfield playing wide while offering support to lone front man Carl Lazenby.

Ilminster started well and 10 minutes in Andy Whitefield showed good pace down the left before cutting inside where a defender's late challenge brought no hesitation from referee Mark Tilleray who pointed to the spot.

Last season's top goalscorer Taylor Jefferson stepped up and made no mistake from the penalty spot.

Four minutes later the Blues doubled their advantage when Brad Pitman found Lazenby who brilliantly chipped the ball over the stranded keeper.

The second half was very even with but it was the hosts who scored next to wrap up the three points.

Substitute George Miles picked up a loose ball before crossing to

NEIL Holt has been appointed as the new first team manager of Combe St Nicholas. Saints chairman Luc Logan told Pulman's Sport: "Sadly, Ted Locke has had to stand down due to ill health and we have appointed Neil."

Holt oversaw a 2-0 defeat at Burnham United on Saturday, he led **View Sport**: "We had five probable regulars missing and had to change things around.

"We were punished for two mistakes for the goals but we battled hard.

"I'm confident we can turn things around and am pleased with how

the players have responded to me taking over."

Holt's first game in charge was at Glastonbury on last Wednesday when a Jordan Allen strike and an OG earned a deserved point in a 2-2 draw with defenders Simon Loader and Adam Markham outstanding.

"We dug in and fought for the whole 90 minutes – the game could have gone either way," said Holt.

Next up for the Saints is Saturday's visit by WINScombe (3pm).

SEVEN members made the long journey to TYWYN in mid Wales to take part in the Rotary Club's Race the Train event.

There were several races to choose from but all the HRC members took on the main 14-mile event which started with the whistle of the train as it leaves the station and goes out to the end of the railway line where the it turns around and returns.

Following torrential rain the terrain was particularly challenging with more mud than the race has ever seen which made climbing half way up a mountain even harder.

The train took 1 hour 47 minutes and unfortunately, all HRC runners took a little longer! Mark Newson finished 217th in 1:58, Steve Davey 226th in 1:59, Judy Davey 325th in 2:07 (2nd in age category), Howard Bidmead 484th in 2:19, Clare Mel-

bourne and Janice Newson ran together to finish 696th in 2:43.

Clare loves a good Park Run and couldn't miss the opportunity to run the Aberystwyth one even though she knew she was doing 14 miles later in the day.

Her partner Jay Sweetman, who is nursing an injury came 751st in 2:54.

There were 830 finishers.

comprised a 400m pool swim, 25k bike and a 5k run.

Next was new member Antony Chadwick who managed 8:39, 46:45 and 26:29 for a total of 1:27:20 and 52nd place.

Finally Chris Keeffe managed 10:21, 1:06:37 and 35:25 for a total of 1:59:06, 165th out of 181 finishers.

New season looming large

A CHARD RFC squad made up of both first and second xv players welcomed WELLINGTON for a pre-season game.

Wellington scored in the first 20 minutes but an excellent Chard defence ensured that this would be the only time the visitors got on the score sheet. This was an encouraging performance by Chard which saw skipper Ryan Helliard, Nick Hyslop, Doug Herbert and Scott Johnson amongst the scorers in the 25-5 victory.

Chard 1st XV's opening league game will be at home on Saturday, September 2nd (3pm ko) against Truro. The 2nd XV travel to Wiveliscombe.

There was a good turn out for the 3rds pre-season game against WYVERN. Ash Dart made his debut and had an outstanding game.

Wyvern were dominant from the start and showed why they play two leagues above with some well worked moves and slick passing, but Chard didn't give up and with ball in-hand they looked as good as the Somerset 1 team at times. Brian Sugar, Mike farthing and Jock McKerrow were on the score sheet for Chard who were beaten 64-17.

This was a landmark game for the Carnell family as Martin and his two sons Rhys and Noah played their first senior game together.

Chard 3rd XV start their season with a home game against Cheddar Valley on September 16th. Chard hosted an RFU #INNERWARRIOR event on Friday night, inviting ladies who were curious about playing Rugby to join them in a training event at the club which was organised by Liz George and Tanya Poole.

The 40 that attended received lots of encouragement especially the 14 that where trying the sport for the very first time. After the session awards were given out to Jade Mowlem, Michelle Lawrence and Kirsty Carlos for outstanding effort.

Organiser Liz George said that the event was 'A fantastic success' and was grateful for support of Paul Cox and the RFU, the sponsors, coaches and helpers for making the night possible.

Chard Ladies will be making their debut in the Somerset cup this season and have a number of friendly games arranged.

If you are 17 and over and would like to play with the Chard Ladies training is held at the club-house on Monday evenings from 7pm, for more information contact Liz George on 07764 857514

The Ladies first friendly of the season will be at Yeovil festival on September 3rd.

Those who were affected were given the opportunity to return when the course was re-opened a little later, but all declined - and entered nil returns.

Natwest T20 Blast
Hampshire 91 all out lost to Somerset 189 for 3 by 98 runs

THE cricketing gods were smiling on Somerset as the required set of results materialised on Friday evening giving them an 11th hour place in the quarter finals of this season's NatWest T20 competition.

For their part Somerset were at their best as they thrashed Hampshire by 98 runs, but they were also reliant on a myriad of permutations on the evening to fall their way - and they did!

Skipper Jim Allenby won the toss and opted to bat first on an unusually flat Ageas Bowl track.

Things started badly as Steven Davies fell to the fourth ball of the innings without a run on the board for his fourth duck in five innings.

They recovered to move to 54 for 2 at the end of the six over power-play period.

This proved to be the perfect springboard. Johann Myburgh proceeded to plunder his third half-century in this season's competition before eventually falling for 58 off just 29 balls.

And Somerset continued to progress with Pete Trego joining James Hildreth in a magnificent partnership of 105 - just one shy of the T20 county record for the fourth wicket.

The pair were there at the end with Trego on 84 (50 balls, 9x4, 2x6) and Hildreth on 39 (27 balls, 2x4) having

Howard Larcombe
Sports Editor | howard@viewnews.co.uk

shared a clever stand full of hard running rather than a power hitting. The hosts, who had already qualified for the quarter-finals, were

soon in deep trouble at 10 for 3 and never recovered.

They clambered up to 58 for 4 before Tim Alsop fell for a battling 36 and the writing

was well and truly on the wall.

Roelof van der Merwe then tore out the middle order with 3 for 13 and Somerset eased to victory.

Their reward is a last eight clash at Nottingham on Thursday evening (6.30pm) with a place in high profile T20 Finals day at stake.

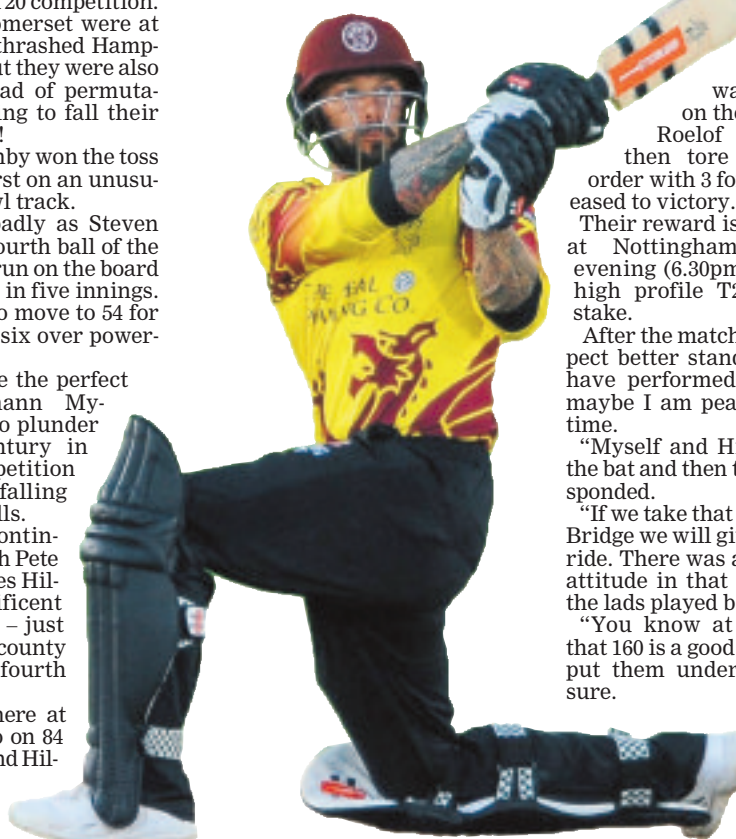

After the match Trego said: "I expect better standards than how I have performed this season but maybe I am peaking at the right time.

"Myself and Hildy clicked with the bat and then the whole team responded.

"If we take that intensity to Trent Bridge we will give them a hell of a ride. There was a bit of a do or die attitude in that performance and the lads played beautifully.

"You know at the Ageas Bowl that 160 is a good score so to get 190 put them under enormous pressure.

That was reflected in the shots they play at the start."

Glovers 2017-18

THE Yeovil Town squad which will be looking to improve on last season's disappointing 20th place finish as they commence their 15th season in the Football League.

Glovers' boss Darren Way will be disappointed to have seen his side let slip a 3-1 lead at newboys Forest Green Rovers on Saturday.

Yeovil were 3-1 in front heading into first half stoppage time courtesy of goals from Olofela Olomola, Otis Khan (pen) and Francois Zoko.

But the second half belonged to the hosts who grabbed the winner 11 minutes from time.

Way, who stressed the need for reinforcements after the game, will hope for better in next Saturday's visit by former Premier league outfit Coventry City.
